For over 70 years, we have proudly served families in Central Massachusetts and beyond. The Park has been locally family-owned and operated since its establishment. We remain committed to helping people with their memorial and preplanning needs, and have been there for many families for generations.

We provide comprehensive cemetery services in a rural, memorial park setting. Our established connections with local funeral homes help ensure that families receive seamless care. We are a non-denominational memorial park that welcomes everyone.

## Park Office & Visitor Services

- Grounds are always open, day/night, 365 days per year
- Office hours six days per week (Sun by appointment)
